Serious Injury to Thirteen Others.**

today before any of the

accident at the Donnelly
building, during the electro-mechani-
cal ball last night, were iden-
tified. Large crowds surrounded the
morgue awaiting infor-
mation as to the identification of
the bodies that had been taken
from the scene of the accident.
Bodies were so badly disfigured
that identification was only pos-
sible through marks on the cloth-
ing and as some had no marks
on their clothing, identification was
possible until friends inquired for
them because missed from their
list. The casualty list as furnished
by a coroner and obtained from the
dead: Miss Mamie Curtin, 18
years old, of Hazelwood, Penna.

rocks.

bruised and cut; is unconscious; at
the Mercy hospital.
The injured are all suffering from
severe cuts and bruises but with ex-
ception of the unknown man, it is
thought all will recover.
Coroner Jess H. McGeary and his
assistants worked throughout the
night, answering telephone calls from
friends and others anxious to ascer-
tain particulars. The coroner at the
earliest time possible sent out sum-
mons for a jury to inquire into
the cause of the accident and to fix
responsibility. This jury met in the
court room of the morgue this morn-
ing at 10 o'clock, and a rigid investi-
gation was at once started. After the
jury had been sworn and had viewed
the remains of the victims, friends
were given permission to remove the
bodies to their homes.

SHAEFFER

**Superintendent of Telegraph
for Penna. Talks.**

**Maintains Contract With Western
Union and Why Poles Were
Quickly Removed.**

Philadelphia, Pa., May 23.—Charles
Shaeffer, superintendent of tele-
graph for the Pennsylvania Railroad
company, in speaking of the removal
of the Pennsylvania lines, said:
"The Western Union Telegraph Co.
has its contract with the Pennsylv-
ania Railroad Co. bound itself
six months' notice after the ter-
mination of the contract to remove
poles and wire from the property
of the railroad company and upon
the railroad company to do so the contract provides
the Pennsylvania railroad com-
pany has the right to remove the
poles and wires at the expense of the
railroad company. The Pennsylv-
ania Railroad company in order to
the telegraph company the ex-
pense and loss incident to the removal
of poles and wires offered to pur-
chase the lines at a fair valuation
the Western Union Telegraph
company evidently preferred to allow
the Pennsylvania company to tear
down and remove them at its
expense. The Pennsylvania railroad
company having entered into con-
tract with the Postal Telegraph com-

ties of its lines was compelled to re-
move the poles and wires of the
Western Union telegraph company."

**To Reach Pacific Coast by In-
dependent Line From Salt
Lake City.**

New York, May 23.—George J.
Gould, in an interview here denied
that he was secretly interested in a
project to reach the Pacific coast by an
independent line from Salt Lake City.
Mr. Gould also said that he had
not a dollar invested in any rail-

he was not identified with David H.
Moffat's Denver, Northwestern and Pa-
cific, which is being built through the
mountains of northwestern Colorado,
from Denver to Salt Lake City.

HANNA Will Issue Statement Defin- ing His Position.

**Will Not Object to Endorsing Ad-
ministration, But Will Oppose
Personal Endorsement.**

Cleveland, O., May 23.—When Sen-
ator Hanna was interviewed today con-
cerning widely printed reports that
he would oppose a resolution at the
coming state convention, endorsing
President Roosevelt for a second term,
he replied that he had nothing to say
on the subject, but possibly would
make a statement defining his position
later.

It is known, however, that Mr. Han-
na will not oppose a simple endorse-
ment of President Roosevelt's admin-
istration. He holds that the coming
convention will have no right to
pledge the convention of next year,
which will select delegates to the Na-
tional Convention, as to what that
body shall have to say on the subject
Senator Hanna, it is believed, by close
political friends, will authorize a state-
ment shortly fully explaining his po-
sition.

RELIANCE

**In Second Trial With Co-
lumbia and Constitution**

**Excites Enthusiasm of Her Admir-
ers and Shows Herself a
Great Speeder.**

Matinecock Point, L. I., May 23.—Al-
though the victory of the Reliance
over the Columbia, on Thursday, is
sufficient in the minds of many to
stamp her, the ultimate defender of
America's cup against the Shamrock
III, a large number of yachting en-
thusiasts came down to the sound to-
day to see her match her sailing abili-
ties against the Columbia and the Con-
stitution. Many desired another
chance to watch the old Columbia
against the new boat in a good steady
breeze. The early arrivals on the
scene of action appeared satisfied that
such conditions would exist in today's
contest. For with the dawn there
sprang up a fine breeze from the
northeast, the first from that quarter
for several weeks, and as it held
steady and strong as the morning ad-
vanced, it looked two or three hours
before the time set for the start, as if
the yachts would have a good honest
chance to test their strength. Coming
diagonally across from the Connecti-
cut shore, the breeze had but little
chance to kick up any sea at all so that
the sound was comparably smooth,
and particularly favorable for the
new boat. The air was cool and in-
vigorating affording decided relief
from the last ten days of torrid weath-
er. The same program of course,
which obtained on Thursday, held
good today and with the breeze from
the northeast, it looked early in the
day, as if the committee would select
the reverse of the one sailed on Thurs-
day, and send the yachts out on a long
eleven mile beat to windward, to
Green's Lodge Light, off Stamford,
with a broad reach to Eatons Point
free running almost before the wind,
or at least, with booms well out to
port to the finish, 25 miles round the
triangle.
The breeze which looked so en-
couraging during the early morning
hours, began to fall shortly after ten
o'clock, and about ten-thirty, there
was a flat calm along the south side

MARK TWAIN AND FAMILY

**All Ill at Their Home on the Hudson...
Ailments Are Various.**

New York, May 23.—Two physicians,
as trained nurses, have been, for sev-
eral weeks, in constant attendance on
Mark Twain (Samuel L. Clemens),
his wife and their two daughters, Clara
and Jean, at the humorists home, at
Riverdale, on the Hudson. It is more
than six months since Mrs. Clemens
has left the house. She was stricken
with nervous prostration last August,
and since then, her condition has sev-
eral times caused her husband the
keenest anxiety. The strain resulted

in his complete collapse weeks ago,
when a cold developed into bronchitis.
Mrs. Jean Clemens, who is 20 years
old, was taken ill five weeks ago, with
measles. When the critical stage of
her illness was reached, her father
was weak, and the physicians had to
keep from him, how serious her con-
dition was.
While caring for her sister, Miss
Clara Clemens caught the measles.
The crisis is yet to be reached in her
case.

EXPLOSION DESTROYED

which passed off Marane Light yester-
day signaled that an explosion of gas
had occurred on board which com-

pletely destroyed the saloon and blew
up the poop deck. Three iron beams
were also broken in the lower deck.
A waiter was killed and two steerage
passengers are missing and it is
thought they were thrown overboard
by the force of the explosion.

TREASURES' OF MONTE CRISTO

**Not Worth Speaking of When This Is Contem-
plated. Story of Mexican War That
Surpasses Arabian Nights.**

Guthrie, O. T., May 23.—The finding
of \$2,000,000 buried treasure, as reported
from Vinny, a small town located
on Salt Fork river, in Western Okla-
homa. The treasure was unearthed on
the farm of Charles Morland, who gave
his consent to a mysterious stranger
digging on his land provided he would
give Morland, one-tenth of the treas-
ure discovered. The farmer received
\$200,000, and the mysterious stranger
immediately disappeared. He came
into the neighborhood recently, pre-
sumably from the east. He brought a
map describing the location of the
treasure. A walnut box was struck
25 feet under ground which contained
the money. Stories of buried treasure
on Salt Fork have been rife for years
in western Oklahoma. The treasure
was supposed to have been buried by

a band of American soldiers during
the Mexican war. The story is that
Washington Lindsay, a private in the
thirtieth Ohio Infantry, with eleven
of his companions became detached from
his regiment and fell in with
tenderly Indians.
From the Indians they learned of
much wealth secreted by them, and
guarded from the whites. The twelve
soldiers secured some of the treasure
and started for the east with three
Spanish wagons laden with wealth.
They were overtaken by the Indians,
and a battle fought, Lindsay escaping
with many wounds.
Apprised of the approach of the In-
dians, the soldiers had buried the
treasure. Lindsay was picked up by
a government train, and taken back to
Ohio.

of the sound. It still held on the north
side, however, and there was some
hope of its again breezing up before
the race started.

The Reliance swung away from her
moorings at 10:30 and under three
lower sails and her large club top-sail
headed toward Glen's Cove. The other
two yachts were still at their moorings
as the Reliance came lazily across the
sound. The tug with the turning
mark, arrived off Matinecock point at
10:45 and up the sound the committee
and steam yachts could be seen head-
ing for the point. By this time, the
breeze began to pick up again, and
gave some encouragement.

The Constitution and Columbia came
out of Hempstead harbor under sail
at 11:20.

The yachts started at 1:50 with Re-
liance in the lead. Starting time as
seen from shore, Reliance 1:50:50,
Constitution 1:51:10; Columbia 1:52.

Fight for Position.

The fight for position before the
start was all in favor of the Reliance.
All three boats swung around and
headed for the line when they were
scarcely a quarter of a mile away
from it. The Constitution was the
first to head for it, but Captain Barr
placed the Reliance in a nice position
off the Constitution's weather quarter;
the Columbia behind the other two
boats. Five minutes before the start,
the Reliance and Columbia broke out
their balloons to topsails, but the Con-
stitution broke out a small reaching
to topsails. The Reliance soon began

to gain on the Constitution and they
went across the line almost together.
The Columbia was handicapped. At
no time was the breeze of sufficient
strength to blow out the flags on any
of the boats so that the race started
as it did on Thursday, in a drift.
The Reliance showed that she was
the best drifter of the three, and in five
minutes, was one hundred yards
ahead of the Constitution. By 2 p. m.
the Reliance had increased her lead
to 300 yards, and was going very fast,
seemingly catching a light air. It
looked at this time like a repetition
of Thursday's race. The supposed drift-
ing ability of the Constitution did not
develop, as she could not gain on the
Columbia even. The wind, what there
was of it, was light from the south
or southwest, it was hard to tell which.
Bulletin.

At 2:25, the Reliance was one mile
ahead of the other two boats, having
sailed two miles to their one.
Official starting time, Reliance
1:50:20; Constitution 1:50:29; Colum-
bia 1:52. The Columbia was handi-
capped two seconds.

Davis Discontent.

Manila, May 23.—Mayor General
Davis, in reviewing the verdict, disap-

and all blood diseases. Mr. J. H. Lewis, of Denver, Colo., one of the most prominent life insurance men in the United States, writes as follows:

"After an attack of grip, I found myself broken in nervous vigor, and with bowels and kidneys seriously deranged. As time brought no improvement, but rather an increased nervous prostration I was induced to make use of Paine's Celery Compound. Before the first bottle had been used, I found a marked improvement, and its use was discontinued after I had finished the second bottle. After doing without the Compound for over a month, I find myself with the same springy step and usual vigor, as before my illness, all the former lassitude and nervous disarrangement having disappeared, and difficulty with bowels and kidneys have been corrected."

Lima friends will be interested to hear that next Wednesday noon, at the home of Mr. and Mrs. Peter Diller at Bluffton, about fifty friends will witness the marriage of Miss Estella Diller to Dr. Harry Oscar Frederick.

MRS. IDA McDONALD,

Supreme Deputy of the Maccabees of the World.

MRS. McDONALD, No. 477 Beaubien Street, Detroit, Mich., is a prominent woman who was greatly benefited by the great woman's medicine, Wine of Cardui. Mrs. McDonald is the supreme deputy of the Maccabees of the World, and one of the most widely known women in the United States. Thousands of women gather to hear her lecture everywhere she goes. The great work she has done for the Maccabees is appreciated by every member of the order. She was so absorbed in her work that she neglected to give her health proper care—failed to take warning that the symptoms of approaching kidney trouble gave her, the hollow complexion and torpid liver. But Wine of Cardui cured her the same as it has cured thousands of others and Mrs. McDonald has written this letter in order that other suffering women may secure from Wine of Cardui the same relief she got from it.

"For four years I suffered with torpid liver until my skin looked yellow and dull. I then found my kidneys were affected and had severe pains across my back, and I felt

ever since. I know there is nothing better for a sick woman who wishes to enjoy perfect health and am very pleased to give my hearty endorsement."

No suffering woman can afford to ignore such a letter as Mrs. McDonald's. Her plans and advice are proved valuable in handling the greatest women's organ in the United States and she takes time to give advice which she knows will help you.

Do not delay in securing this medicine. There is nothing to be gained by waiting. Buy a bottle of Wine of Cardui at once. It is sold everywhere. A 10-cent bottle of Wine of Cardui as well as 25-cent and 50-cent bottles. A million suffering women have found relief in Wine of Cardui.

Are You Well Dressed?

It's well enough to say that "Clothes don't make the man," but THEY DO HELP TO MAKE or mar the man's good looks. Everyone, as a part of society, owes it to society to appear as well as his means will permit. No man liveth to himself alone. No one who has a suit made here is anything but well dressed. Just think that over.

BABY'S VOICE

Is the joy of the household, for without it no happiness can be complete. How sweet the picture of mother and babe, angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass, however, is so full of danger and suffering that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with indescribable dread and fear. Every woman should know that the danger, pain and horror of childbirth can be entirely avoided by the use of Mother's Friend, a scientific liniment for external use only, which toughens and renders pliable all the parts, and assists nature in its sublime work. By its aid thousands of women have passed their great crisis in perfect safety and without pain. Sold at \$1.00 per bottle by druggists. Our book of priceless value to all women sent free. LIMITED

Trains on Penna Will Carry
Colored Maids.

Excellent Bill Prepared by Telegra-
phers. D. S. Appraisement
But Little Changed.

The new trains which go into service
on the Pennsylvania line on Sunday,
will be provided with new equipment.
Each train will be made up of one
first-class coach, a library smoker,
Pullman sleeping cars and compart-
ment observation cars, and will be run
through solid from New York to St.
Louis and from New York to Chicago.

An Excellent Bill.
The bill prepared by the Commercial
Telegraphers' Union, of Cleveland,
providing for the creation of a state
telegraphers' commission, whose duty
it shall be to examine railway opera-
tors, and grant licenses, should be-
come a law. Under it, the examina-
tion is to be of such a nature as to
allow only qualified operators to take
positions in railway telegraph offices.
The numerous fatalities and disas-
trous wrecks that have occurred as a
result of inefficient telegraphers, it is
thought, would be eradicated by the
provisions of the new bill, should it be
made a law.

Along All Lines.
The Pennsylvania fast train, be-
tween Cincinnati and the east, will
be known as the Manhattan Limited,
and for a new feature will carry color-
ed maids, who will look after the com-
fort of lady passengers. The same
service for ladies is now in vogue be-
tween New York and Chicago, on the
"Pennsylvania Limited."

The Ft. Wayne Sentinel records the
following record-breaking run. It
says:

Engineer "Sandy" Hulliker, of the
Pennsylvania, made a run with east-
bound mail train No. 18 this morning
which beats the record of runs over
that stretch of track, the circumstances
under which it was accomplished be-
ing considered. No. 18 was made up
of eight cars this morning and was
considerably behind time when it
reached Valparaiso. There the word
was given "Sandy" to make up as
much of the lost time as possible in
the run to Fort Wayne, and he did
better than was expected. The 104
miles to this city was covered in 114
minutes, including one full stop and
seven slow-ups, the latter at places
where men are engaged in putting in
new tracks and new switches. Allow-
ing a loss of three minutes for each
stop and slow-up, and deducting it
from the time consumed in making
the run, it leaves the actual running
time of the train to minutes, or about
75 miles an hour. Ed Ashton was the
fireman and Conductor Maurice Prin-
deville had charge of the train. It
was hauled by engine 7177, one of the
big E-2-A flyers.

Detroit Southern Appraisement.
The Detroit Southern road was ap-
praised at Springfield, Wednesday,
as follows: Main track, \$4,500 per
mile; sidings, \$1,000 per mile; branch-
es, \$1,500 per mile; rolling stock, \$1,420
per mile; machinery, etc., \$90 per
mile. The only increase over last
year, was the rolling stock, which was
raised \$30 per mile.

INSURGENTS APPEARED.
Manila, May 23.—Several insurgents
have appeared in the Bataan district.
A company of scouts has been ordered
to co-operate with the local constabulary
in suppressing them. The govern-
or of the province of Misamis, island
of Mindanao, has sent in a requisition
for a hundred additional troops. He
says he believes the morale of their
presence will end the partially col-
lapsed uprising in Misamis.

crews, the former carried off all the
honors, winning first and second
places in fine style. The boats cross-
ed the line as follows: Georgetown

AFTER RUNAWAYS

THE TRUANCY OFFICER IS A BUSY MAN THESE DAYS.

Out-of-Door Sports Offer Unusual Attractions for Young America—An Officer's Experience.

With the first warm days there is a large increase in the number of absentees from the public schools and just now the truancy officers have their hands full looking after the youngsters who have yielded to the superior attractions of out-of-door sports and have deserted the school-room. Mr. Jesse L. Heffner, who lives at No. 111 East Pike street, Goshen, Ind., is truancy officer of Elkhart county and can relate many interesting experiences. One of them should be of value to every reader of this paper. He says: "Last year I was so much run down in health that I was hardly able to keep on my feet and it was not until I took Dr. Williams' Pink Pills for Pale People that I began to feel like myself again. All my strength seemed to have left me. I was languid and without ambition, my appetite failed, my kidneys became affected and my stomach got out of order. Doctors did not do me any good and I kept failing in health and strength until I despaired of ever getting well again. Then I decided to try Dr. Williams' Pink Pills for Pale People. They helped me very quickly and, after taking them faithfully a short time, I became well and stronger again. I am out in all sorts of weather but have not experienced any return of the symptoms of my old trouble since Dr. Williams' Pink Pills cured me."

The best tonic medicine in the world is Dr. Williams' Pink Pills for Pale People. Mr. Heffner is one out of thousands all over the world who have found this out by personal experience. This medicine, unlike any other, acts both on the blood and nerves, builds up the system and cures where ordinary medicines fail. Dr. Williams' Pink Pills for Pale People are not only a tonic but have cured such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, pale and sallow complexions, and all forms of weakness in either male or female.

Dr. Williams' Pink Pills for Pale People are sold by all dealers or will be sent postpaid on receipt of price, fifty cents a box, or six boxes for two dollars and fifty cents, by addressing Dr. Williams Medicine Company, Schenectady, N. Y. They are never sold in bulk, by the dozen or hundred. Avoid imitations, substitutes never cured anybody.

IMPRESSIVE

Funeral Services Held over Steel Master.

Life Long Friend Offered Short Prayer and Remains Were Laid Away.

Pittsburg, Pa., May 21.—Funeral services over Hon. Benjamin Franklin Jones, were held yesterday at his late residence on Irvin avenue, Allegheny. They were largely attended, and the handsome parlors of the mansion, were crowded. Rev. Dr. Maillard Alexander, pastor of the First Presbyterian church, conducted the services, which were short and simple. They included the reading of the fifteenth chapter from the Corinthians, and brief prayers. Dr. Alexander made no remarks whatever.

Rev. John C. Brown, a lifelong friend of Mr. Jones, and at one time his pastor, also participated in the services briefly reciting a short prayer. Despite the family requests, that there be no flowers, quite a number of them had been sent, and they were very handsome. One of the most noticeable was a large broken column which came from the men in the mills. The musical portion of the services was excellently rendered by the choir from the First Presbyterian church, whose concluding number was "Good Night, But Not Forever." The interment was made in Allegheny cemetery.

IGNORES PROTEST.

Yokohama, May 23.—A dispatch received here from Seoul, Corea, says the Russian representative there ignores the protest made on the subject of Russia's attempt to establish a settlement at Yonampoh, commanding the mouth of the Yalu river, and declares that the timber concession granted in 1896, must be upheld by Corea.

GATHERING AT CARACAS.

Caracas, May 22.—Mr. Harrison, the British commissioner of the Mixed Tribunal, which is to pass on the claims against Venezuela, has arrived here. Herr Goetach, the German commissioner and Comte Perrelli Della Rocca, the French commissioner, have also reached Caracas.

Fanny Winans'

Name Written on Pay Roll in Ink

But She Didn't Have to Work Said Perry, Who Called Her Laborer.

Being Industrious, She Stood Awhile for Idleness, Then Appealed to Senator Hanna Who Got Her Classified Position.

The special Washington correspondent of the Columbus Citizen, has been nozing around post office circles in the capitol, and as a result of his labors he sends the following, which indicates at least the lax methods that have prevailed in the postoffice department since Perry Heath, Rathbone and Neely got into the business. His story reads:

Enemies of Senator Hanna are trying to bring him into the postoffice scandal because he is interested in Mrs. Fannie R. Winans, of Columbus, Ohio, who was put on Perry Heath's complimentary salary roll to do no work. Mrs. Winans protested, saying she wanted to earn her pay, but Heath told her she need do nothing until given a classified position. She waited 11 months, then sought Senator Hanna, who it is charged said: "Now, you just go back to Washington and I will arrange matters."

Within two weeks Mrs. Winans got the place she wanted. The publicity given the scandal and the charge that Perry Heath created an honorary government roll and paid people for doing nothing brought Mrs. Winans to Washington from her vacation yesterday. Mrs. Winans is one of the women charged specifically by Mr. Tulloch to have been appointed as laborer and who did nothing and drew their salaries.

Mrs. Winans Protested. She called on the postmaster general yesterday and it is claimed she was there charged with receiving pay without doing work. She asserted it was not her fault; that she reported for work and begged to be given something to do to earn her salary. Senator Hanna, it is charged, was interested in Mrs. Winans' cousin, Stacy B. Rankin, a member of the Ohio legislature and a supporter of Senator Hanna.

Mrs. Winans it is understood here, was formerly society editor of a newspaper in Columbus, O. and came to Washington in 1898 with a letter of introduction to Perry Heath. She was given a place on the honorary or complimentary roll, which was created by Heath. She was put, without her knowledge, on the laborers' roll, but was told she was not expected to do any work. Mrs. Winans protested against being put on "laborers' roll."

"I want to earn my way," said Mrs. Winans.

"Oh, that's all right," replied Mr. Heath. "You just go home and rest until I send for you. Pretty soon I shall be able to give you a classified place at a better salary."

Mrs. Winans waited seven months. Sometimes, on pay day, Mrs. Winans would remonstrate with Heath and ask to be put to work.

Hanna Fixed It Up.

Don't get nervous," Mr. Heath would say. "After a while we will find something for you to do in a clerical way," adding, "You are a laborer now, you know."

Finally Mrs. Winans, who is an accomplished and bright woman, got tired and disgusted, went back to Columbus and got a letter of introduction to Hanna. Senator Hanna fixed it up right away. Within two weeks Mrs. Winans was appointed to a place in the classified service and was assigned to a place in the agricultural department. She is now a clerk in the pension office and has passed four civil service examinations since she was appointed on Heath's complimentary roll.

Too Great a Risk.

In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by Mrs. M. Merrill, old postoffice corner.

All diseases and SKIN affections of the

Positively cleared away in a hurry. I vouch for it.

Thousands of wretched people are miserable—imagining they have a bad poison of the blood—when in time cases out of ten it is purely a local parasitic manifestation in the skin which can be cleared away in a hurry. Such misery now cleared away as surely as the sun shines above. Not merely ATTEMPTED—not a matter of improvement only—but a clearing of it all away absolutely—and quickly, too.

ECZEMA.

The photograph showing the terrible inroads Eczema had made on this boy's face and head can be seen at our store. This work of the camera is the best evidence of the curative qualities of the D. D. D. Remedy.

(Case of Sammy Minkley. Cleared away and entirely cured in 21 days. Fully proven to be.)

We vouch for this—absolutely.

It has been proved to us beyond the possibility of doubt that a new medicament known as D. D. D. clears up the worst skin affections quickly. Its work seems astonishing, amazing, almost miraculous. (It is a specific formula, which, because of its discovery by Dr. Decatur Dennis, is known as "D. D. D.") Its actual record shows a story of magic. But there is no room for doubt about it; whatever, full proofs in every respect, have been submitted to us regarding hundreds of cases—among them the one case shown here of the boy (Sammy Minkley), who was cured in 21 days. The results are not only complete, but permanent, in this case it is now nearly two years since the disease was cleared out of the skin, and no taint of it has appeared since.

Each one of the known skin affections is parasitic in nature, and all of them have yielded to "D. D. D." The preparation is being used by most of the skin specialists. It is compounded for druggists solely by the D. D. D. Co., 70 Dearborn St., Chicago. It is utilized by every family physician who has taken the trouble to investigate the work it is accomplishing. It is used in the Cook County Hospital, Chicago. It will clear away any parasitic break in the skin in from 3 days to 60 days' time. Visit the undersigned and see proofs that will make you a happier human. \$1.00 buys the prescription—already made up in sealed bottles, with authentic label on each.

For aye and everywhere,
On continent and wave,
Armipotent to dare,
Imperial to save."

As this representative gathering of genuine hustlers as ever graced a festival board in Lima was seen at the magnificent banquet that was given at the Lima house last evening by the members of Post B of the Travelers' Protective Association. About seventy persons surrounded the banquet table, one half of them the hosts and the other half guests. It was the first event of the kind given by Post B and the value of the magnificent success achieved to the future prosperity and growth of the organization cannot be overestimated.

The members and their invited guests assembled in the upper lobby and parlor of the Lima house at 7:30 o'clock, and an hour was pleasantly passed in the renewal of old acquaintances and the forming of new ones and in listening to a fine program of music that was rendered by the Arion Trio. At 8:00 o'clock the party marched into the dining room and assembled in a group about the banquet table while a flash-light picture was taken of the scene. Seats at the head of the main table, which extended the full length of the dining room, were occupied by the toastmaster of the evening, Mr. T. J. Edwards, and the president of the Post, Capt. Thos. Morrison, and near them sat Mayor Robb, Rev. George W. Anderson, Hon. J. W. Hamill and representatives of the press.

The banquet service which received the personal direction of Miss Host King could not have been better and the menu, which could not have failed to please the most fastidious epicurean, was as follows:

Clear Consomme in Cups
Wafers

Fried Lake Trout, a la Manierite
Potato Saute
Cucumbers
Radishes
Chicken Croquettes, French Peas
T. P. A. Punch
Roast Spring Lamb, Green Mint
New Peas
New Potatoes in Cream
Fresh Asparagus, Vinaigrette
Strawberry Ice Cream
Assorted Cake
Toasted Water Crackers
Edam Cheese
Coffee.

Feast of Oratory.
The feast of Lima House preparation was followed by an intellectual feast that was introduced by the following excellent program:

Toastmaster.....T. J. Edwards
Music.....Arion orchestra
Address of welcome, Hon. T. D. Robb
Solo.....Bro. Henry Deisel
Address.....President of Post
Thomas Morrison.

Selection.....Arion orchestra
Subject—"Traveling Men".....
.....Geo. W. Anderson
Bass solo.....Bro. Thos. Peat
Remarks here and there.....
"I Leave My Happy Home".....
.....Arion orchestra
Lima's Future.....Hon. J. W. Hamill
"Home, Sweet Home".....
As a toast master Mr. Edwards is a success. His opening remarks were pertinent and brief but impressive. The purposes of the banquet, he said, were to promote sociability among the members and their fellow travelers, to increase the membership of the organization and to secure as large a delegation to attend the national convention at Indianapolis in June, as possible.

After a selection by the Arions, toastmaster Edwards introduced Mayor Robb, who made an excellent address of welcome in which he congratulated the organization upon the excellent character of its membership.

Mr. Henry Deisel, who is as popular as a tenor as he is as a cigar man, factor, was introduced for his solo, and he rendered it in splendid voice, receiving at the close, a storm of enthusiastic applause.

One of the most interesting and instructive addresses of the intellectual feast was that delivered by Capt. Morrison, president of the Post, who portrayed in an able manner, the purposes of the organization. The T. P. A. was launched thirteen years ago and now has a total membership in its 31 state divisions and 135 posts of 22,500 traveling men. The organization has done much for the traveling man, securing the national department of commerce, the interchangeable mileage book, long needed legislation, and better transportation and hotel accommodations throughout the country. He impressively described the traveling man as a lover of home and family. His address was an excellent one and it was well received.

Rev. George W. Anderson's address on "Traveling Men" was a revelation as but few present had ever previously heard the eloquent and talented pastor of Epworth church. He spoke for fully thirty minutes and the banqueters declared they would

have been pleased had he continued for hours. He complimented the T. P. A. for its lofty principles and its many, worthy members. The traveling men of today are a very important factor in the political as well as commercial progress of America. Their powers and influences are far reaching, they are worthy of the confidence reposed in them by the people at large. The address was one of the rarest treats of the evening and the eloquent speaker was warmly congratulated by all who heard him.

Thomas Peat, a member of Post B, rendered a bass solo, "Make New Friends But Keep the Old," in an excellent manner and upon receiving a very hearty encore, responded in a duet with Mr. Deisel.

After impromptu toasts had been responded to by Messrs. W. F. Numan, Scott McGinnis, Sam Tigner, Ed Christen, W. H. Woolery, Otto Malchow, of New York and representatives of the press, Hon. J. W. Hamill was introduced to respond to a toast on "Lima's Future," and he proved that the committee had made a wise selection in assigning him to that subject. Much of the success of this splendid, enterprising and progressive city depends upon the some one hundred and twenty-five traveling men who leave here on Monday morning to extend and promote her commercial interests. The future can only be anticipated by reviewing the past and the future is indeed promising when viewed from the standpoint of Lima's traveling men and what they have already accomplished.

The magnificent event closed with "Home, Sweet Home" and "Auld Lang Syne."

Rival Trains

**Furnish the Passengers
Some Excitement**

**And the Detroit Southern
Was Winner Over the
C. H. & D.**

**Lima People Returning From Chilli-
cothe Shared in Enthusiasm
Which Put Trainmen
on Their Mettle.**

Travelers on the C. H. & D. and Detroit Southern trains, which leave Washington, C. H., at the same moment, in the afternoon, enjoyed a bit of excitement yesterday, which was better than a horse race. With a shrill blast, and a quick response, the two engineers started from the crossing, and then, for several miles, the race was one in dead earnest. At one point on the route the two trains slowly approached each other, and came so close together that the passengers can shake hands across the narrow strip which separates them. At that moment, looking from one coach across to the other, both trains appeared to be standing perfectly still, while in fact they were tearing along at a mile-a-minute clip.

The passengers were worked up to a pitch of enthusiasm, which was partaken of in no small degree by the trainmen. Several times the engineers challenged each other by a toot from the whistle, and from the C. H. & D. train, the fireman on the Detroit Southern could be seen feeding the hungry man of the furnace, as though his very reputation depended on the result of the race. For a brief few minutes, the C. H. & D. train pulled away from her rival and led by several car lengths. The Detroit Southern engineer looked at his watch, opened the throttle just a little more; announced his final test with one long shrill blast, which brought a derisive response from his running mate—and then bore down the stretch. That the C. H. & D. was losing, could be seen from that moment, and the passengers across the way yelled all manner of mean things as their train slowly, but surely, pulled away. The baggage master sat on a trunk in the open door of his car, and threw farewell salutes, doffing his cap, with a final good-by, as the Detroit Southern branched off at a tangent, a winner by, well a nose.

Along All Lines.
Supt. Cory returned last night from a trip to Texas.
Charles Hartley, a brakeman on the Big Four road, is visiting friends in Lima, having formerly been employed on the C. H. & D.
Leaves the C. H. & D.
R. S. Langan, formerly a clerk in Supt. Cory's office, but more recently chief clerk in the master mechanics' office, at Cincinnati, has resigned, and will leave the C. H. & D. to accept a position of chief clerk to Supt. of motive power, Homer, of the Detroit Southern. He will be located at Springfield.
A Noticeable Improvement.
A great improvement has been made in the D. & S., division of the C. H. & D., from Dayton to Wellston, and if the cars were as good as the roadbed now is, the once old "rocky way" wouldn't be far behind the main branch in point of comfort. The trains are operated right on the schedule, and the patronage created by the centennial celebration at Chillicothe, did not disturb the service. Several special trains were handled on Thursday, pouring great crowds into the old capital.
